

IMPORTANT Covid 19 Directive June 1, 2020

As you are all aware, we are under Emergency Orders which require significant adjustments in our mode of operation and the added responsibility of each Member to ensure the highest standard of hygienic care while at our facility.

Each member is responsible for their own health and safety.

In addition, following are specific instruction for the use of the Range Facilities.

At present only the Rifle and Pistol Ranges will be open for use at your own risk. Trap and Archery will follow at a later date.

1. Guests will not be permitted.
2. You must supply your own sanitizing equipment including hand sanitizer and wipe down disinfectant. Bring your own pen to sign in. Bring your own paper targets.
3. Wear appropriate masks.
4. Unless you are in a family group, stay 6 feet apart.
5. Washrooms will be open in the Main Club house. You must enter through the side door and go directly to the washrooms and not stay in the Club house. The Kitchen and coffee facilities will be closed and not available.
6. Shooting stations must be cleaned thoroughly before and after use including picking up all your cartridge casings. All items that you touch must be sanitized. Take all items with you when you leave.
7. Do not occupy a shooting station for more than one hour if there are Members waiting.
8. Presently there should be no more than 5 Members at each of the Rifle Range and Pistol Range.
9. If there are any more than two shooters at either Pistol or Rifle Range, all must wear masks as there must be a Range Officer appointed from amongst the group and that person may need to be in closer contact with the individual shooters. The Range Officer must not shoot. Certain Shooting stations will be marked closed.
10. All current rules and regulations must strictly be followed.

Please take responsibility for your own health and safety. Remember to please be considerate of fellow Members that will follow you onto our Facilities.

Please call me if there are any questions or concerns. Take care and be safe.

Phil Black, President 705 342 7307
